Frazee Paint. COLORSCHEMES

SCHEME RULES:

1. Follow an approved color scheme for your model and elevation only.
2. Schemes that do not have a white trim option may use FRAZEE White Shadow 181 for trim areas.
3. You may choose a single Trim & Fascia color from the two provided or you may incorporate both colors for trim elements.
4. Restrict Accent colors to shutters and entry doors only. Do **not** use for your garage doors.
5. Garage doors are painted Stucco color only.
6. For elevations that incorporate a two-tone stucco color scheme use the specified Stucco colors for upper and lower stucco areas.
7. **All** wrought Iron is to be painted FRAZEE CL 3226N Berlin.

NOTES: Reproduction of the color scheme is provided in this document for information only. All paint color must match the actual Frazee paint color specification and paint chip. (Frazee paint is not required, but a true match is necessary.) Do not match to this printed page as color varies from computer sources. Any deviation from the approved color scheme must be approved by the Architectural committee.
